Projects

Sport Event Finder | Full Stack Coding Bootcamp
Project Manager

- My team and I created an application that allows a user to search for sporting events that were occurring on a specific date in a specific city.
- My role was to utilize JavaScript to ensure the application was interactive. I also made fetch requests to 3rd party APIs and analyzed its data.

TECHNICAL SKILLS | COMMUNITY ENGAGEMENT | LICENSURES & CERTIFICATIONS

- Choose one of the three resume sections above that best highlights your professional achievements. Include 1-2 lines here to expand on said experience.
